Education

University of Toronto

Sep 2016 - Present

Honours Bachelor of Science, Computer Science

Toronto, ON

Experience

Embedded Software Designer at ExtentCom

May - Aug 2018

• Developed command-line interfaces, scripts, and cryptosystems for wireless communication tools using **C** and **Perl**

Richmond Hill, ON

- Implemented network error checks and crypto algorithms like CRC and RSA for reliable communication across wireless devices
- Contributed to tools like radios, power meters, switches, and storage prototypes

Competitions

Educational Computing Organization of Ontario Contest

Apr 2015 | 2016

- Placed **Top 3** among school board (DPCDSB) and advanced to regionals in both years with a team of 4 students
- Toronto, ON
- Used **Python** and **Java** to solve 4 challenging coding problems within 3 hours
- Improved communication skills by working under constraints within the team

GameMaker Competition

Sep - Dec 2015

Mansion Buster, a nightmare-themed top-down shooter

Mississauga, ON

- Implemented game mechanics like player abilities using the GameMaker engine
- Designed levels and helped manage a team of 5 during the school term
- Game was recognized for unique puzzle design and enemy mechanics

Projects

Steam Badge Aggregator

Jul 2018

- Developed a web app that collects prices of video games compared with trading cards distributed by Steam, a PC gaming platform, using their store API
- Toronto, ON
- Implemented a data scraper with Python and the front-end with vanilla JS
- Designed for Steam trading card hobbyists to gauge various game prices

Interactive Treemap Visualizer

Nov - Dec 2016

• Implemented a geometric tree visualisation algorithm using Python

- Toronto, ON
- Designed to interact with real-world data in **JSON** such as the World Bank API

Volunteering

Hour of Code

Dec 2014 | 2015

 Moderated the annual coding event with introductory programming activities to raise students' interest in coding Mississauga, ON

Skills

Proficient with: **Python**, **Java**, **C** Familiar with: **HTML/CSS**, **JS**, **Perl**, **PostgreSQL**, **Git**
