## Education

## University of Toronto

Sep 2016 - Present

Honours Bachelor of Science, Computer Science

Toronto, ON

## Experience

#### **Embedded Software Designer at ExtentCom**

May - Aug 2018

• Developed command-line interfaces, scripts, and cryptosystems for wireless communication tools using **C** and **Perl** 

Richmond Hill, ON

- Implemented network error checks and crypto algorithms like CRC and RSA for reliable communication across wireless devices
- Contributed to tools like radios, power meters, switches, and storage prototypes

## Competitions

### **Educational Computing Organization of Ontario Contest**

Apr 2015 | 2016

 Placed Top 3 among school board (DPCDSB) and advanced to regionals in both years with a team of 4 students Toronto, ON

- Used **Python** and **Java** to solve 4 challenging coding problems within 3 hours
- Improved communication skills by working under constraints within the team

#### GameMaker Competition

Sep – Dec 2015

Mansion Buster, a nightmare-themed top-down shooter

Mississauga, ON

- Implemented game mechanics like player abilities using the GameMaker engine
- Designed levels and helped manage a team of 5 during the school term
- Game was recognized for unique puzzle design and enemy mechanics

## **Projects**

#### 

Jul 2018

- Developed a web app that collects prices of video games compared with trading cards distributed by Steam, a PC gaming platform, using their store API
- Toronto, ON
- Implemented a data scraper with Python and the front-end with vanilla JS
- Designed for Steam trading card hobbyists to gauge various game prices

#### Interactive Treemap Visualizer

Nov - Dec 2016

- Implemented a geometric tree visualisation algorithm using Python
- Designed to interact with real-world data in **JSON** such as the World Bank API

Toronto, ON

## Volunteering

#### **Hour of Code**

Dec 2014 | 2015

 Moderated the annual coding event with introductory programming activities to raise students' interest in coding Mississauga, ON

# Skills

Proficient with: **Python**, **Java**, **C** Familiar with: **HTML/CSS**, **JS**, **Perl**, **PostgreSQL**, **Git**
